Happy New Year  
Well we have welcomed in another year and would like to start our January newsletter by wishing you and your families a very Happy New Year and hope that it brings you good health and happiness.

Last year ended with a village carol concert organised by St Martin’s Church, assisted by the committee of the Chavey Down Association. The nominated charity was the Berkshire Deaf Children’s Society, a registered charity run by parents of deaf children whose main aim is to give help and support to deaf and hearing-impaired infants, children and their families. It was a great evening of music and celebration and £120 was raised.

Another charity raising event that we all look forward to is the delightful Christmas light display in the garden of George and Brenda Howe in Long Hill Road. This year’s nominated charity was the Thames Valley Hospice, who provide amazing support to local people with terminal illness, provide respite care, and support to the families affected by this. Many thanks for your wonderful donations which this year came to a magnificent £7,067.01.

**Heathrow Runway Consultation**  
Heathrow has launched its latest consultation on its plans for its future airspace, both for the existing two runways and as part of the proposed expansion. The 8-week Airspace & Future Operations consultation will run from 8th January until 4th March 2019 and will seek feedback on several key topics:

- **Airspace change for an expanded Heathrow:** the local factors it should consider in different geographic areas when designing future flight paths.
- **Airspace change to make better use of its existing two runways:** the local factors it should consider in different geographic areas when designing new flight paths for some aircraft arrivals on its existing two runways.
- **Future operations for an expanded Heathrow:** how it would operate were it to have three runways in the future – this includes managing noise; respite through runway and airspace alternation; directional preference and night flights.

Local consultation events are 1st February from 2-8 pm Ascot Racecourse, and 6th February from 2-8 pm at the Bracknell Grange Hotel. Details of other meetings can be found at [http://afo.heathrowconsultation.com](http://afo.heathrowconsultation.com).

**Martin’s Heron Roundabout Update**  
A quick update regarding the final stages of the Martins Heron Roundabout works: *South-western side, approach from New Forest Ride*. Works to amend the A329 London Road on the New Forest Ride entrance to the roundabout. Works to be undertaken using intelligent temporary traffic signals. **Estimated start and end date: 19 Nov 2018 to Feb 2019.**

Install signals and resurface. Install the new permanent traffic signals and complete the works. The initial stage will be undertaken using intelligent temporary traffic signals. The resurfacing will require lane closures and the removal of certain movements whilst the works are undertaken. The duration of these works will be kept to a minimum. **Estimated start and end date: 14 Jan to Feb 2019.**

**Planning**  
The first two planning applications are in respect of the proposed development which Vanderbilt Strategic consulted on at Carnation Hall on 7th December. Details of the proposed development were emailed out to Association members on 18th December. If anyone would like further copies please email us using the email address above. If you do not have email, but would like sight of the information boards, they are on the CDA Noticeboard in the grounds of St Martin’s Church, Church Road.

19/00059/OUT - White Gates/Mushroom Castle  - Outline application for the erection of 42 no. dwellings, ancillary infrastructure and open space with vehicular access from Gardeners Road (all matters reserved except for details of access).

18/01113/REM – Land to the rear of White Gates, Mushroom Castle  - Submission of reserved matters relating to access, appearance, landscaping, layout & scale pursuant to outline planning permission 17/00318/OUT for the erection of 1no. detached dwelling (Plot 1). Pending consideration.

18/01104/FUL – 69 Locks Ride  – Erection of 2-storey side, single storey rear extension and installation of front and rear dormers. Pending consideration.

18/01149/FUL - Hillside 22 Woolford Close  - Section 73 application for the variation of condition 02 (approved drawings) of planning permission 17/00952/FUL for the erection of 1no. detached 4 bed dwelling – Pending consideration.

18/00214/COND - Meadow View Chavey Down Road  - Details pursuant to condition 23 (Tree Protection), 25 (AMS), 26 (Hard Surfaces), 27 (Existing Hard Surfaces), 28 (Services), 29 (Hard & Soft Landscaping) to planning permission 16/01093/FUL – Pending.

18/00203/FUL - Orchard House Priory Road Ascot  - Erection of 6no. 2 bed apartments following demolition of existing dwelling with associated parking, landscaping, entrance gates. Approved.
chaveydownassoc@yahoo.com

17/00179/COND (16/01153/FUL PP-06317715) - Land R/O Neuchatel Chavey Down Road - Details pursuant to conditions 07 (means of enclosure), 13 (archaeological work), 18 (construction management) and 20 (hard and soft landscaping) of planning permission 16/01153/FUL. Approved.

Traffic Calming Assessments
We are very pleased that Winkfield Parish Council recently organised Archer Strips in Long Hill Road and other places in Winkfield Parish. Archer strips are a system employed by traffic management to record the speeds of vehicles over a given period. It is a data collection exercise to see if reports or complaints from residents, resident associations and other local bodies about speeding vehicles are justified. Following analysis of the data, the appropriate measures are employed or not depending on the specific problem. We hope to see the results in due course.

Traffic in Church Road
A number of residents in Church Road have reported issues with speeding traffic, HGV's and on-street parking within Church Road and we are once again putting a call out asking for volunteers to come forward to set up a sub-committee “Church Road Traffic Group”. We have had some success with the Long Hill Traffic Group in getting the 40 mph speed limit down to 30 mph but it needs a concerted effort to move forward and the rest of the committee are already thinly spread through their other voluntary obligations on your behalf such as Parish Councillors, Winkfield Neighbourhood Development Plan Steering Committee and their own work obligations etc. Please email the Chavey Down Association if this is something you are interested in helping with.

Fundraising for sign for Old Mill Ride (Sandy Lane)
Bracknell Forest Council has kindly nominated the Chavey Down Association for one of its Good Causes for their E+ Recycling Scheme for the period 1st November 2018 to 31st January 2019. We are hoping to raise sufficient funds to be able to erect an information sign for villagers and walkers at the top of Sandy Lane to commemorate the historical significance of the Windmill at Chavey Down Farm and the Old Mill Ride leading to it.

How this works: Every time your blue bin is collected the bar code is scanned and your points are added to your account. To donate your recycling reward points to any of these good causes, log into your account using the attached link and type in your E plus card number. eplus-rewards.smartcitizen.net/public/login.aspx. A point counts as a vote, rather than a monetary value. The scheme is sponsored and currently £1,000 is available to be split between the good causes every three months. When the donation period ends, the points total is recorded and £1,000 is split between the three causes. The funds are split in proportion to the points donated to each cause.

AGM
The Chavey Down Association AGM (and annual update) will be held on Friday, 17th May 2019 at 7.30 pm. All members of the Association and residents of the village are welcome to attend. We would particularly like to welcome new residents to come along and join us for what is always an informative and enjoyable evening. Cheese and Wine will be served after the meeting. Please do put the date in your diary.

Proposals for Alterations to the rules
Members are invited to submit proposals for alterations to the rules of the Association. These must be received by the Secretary by the last day of February 2019. No proposals can be taken after this date or at the AGM. A copy of the rules are on the CDA website which is www.chaveydown.co.uk or you can request a copy from the Association via chaveydownassoc@yahoo.com.

Nominations to Stand for the CDA committee
Our rules require us to seek nominations for the 4 officer positions (Chairman, Vice Chairman, Secretary and Treasurer) and up to 7 other members. If you would like to nominate someone, then your nomination must reach the Secretary by the last day of February 2019 (by email above or by post to 38 North Road). If you are nominating someone, please do check their eligibility (they must be a member) and ask their permission first.

Heatherwood Hospital
Building work on the £90m redevelopment commences on 14th January. It will specialise in planned non-emergency procedures.

Ann Whittington
We sadly report the death of Ann Whittington of Locks Ride at the end of last year. Ann was a long-term resident of Chavey Down and a great supporter of village life, even in later years when she was less mobile. We send our condolences to her family.

Rose Dalton
We would also like to pay tribute to Rose Dalton of North Road who died in November. Rose was an avid supporter and fundraiser for Cancer Research UK and was the founder of the Ascot Relay for Life which she and her team of volunteers ran each July for over 11 years, before handing the baton to a new Event Chair. During her tenure in this role she and her team raised over £1m for Cancer Research and received a number of awards for voluntary service. Last year Rose was nominated for the Meridian ITV “Fundraiser of the Year” Pride of Britain Award. We send our sincerest condolences to her husband and family. Please do take time to visit the Ascot Relay event at Ascot Racecourse in July, as we have all had our lives affected by Cancer in some way or another and every donation, however small, gets us one step closer to finding a cure for this terrible disease.
